DESIGNERS

NOUS CONVOQUONS LE MONDE

Une vision multifacette, exclusive, contemporaine et solidement ancrée dans la capacité technique au service d'une vision créatrice de tendances : telle est l'attitude des designers convoqués par Flam & Luce - Luminaires® pour sa nouvelle collection. L'équipe de designers responsable de la nouvelle collection exclusive de Flam & Luce allie une forte capacité technique et de design de produit et une approche globale de l'Architecture des Environnements, confirmée par la fréquence des principales foires européennes du secteur et des carrières internationales solides et reconnues. Les visions uniques et exigeantes de nos designers nous apportent des interprétations créatives, où la vivacité et l'innovation deviennent une plus-value des produits Flam & Luce. Mélange d'influences, de nouvelles matières et couleurs, les créations reflètent l'étendue d'un monde élégant, poétique, contemporain ou minimaliste, artisanal ou urbain où différentes disciplines se croisent dans la recherche incessante du nouveau et de l'intemporel.

WE CALL UPON THE WORLD

The design team responsible for the new, exclusive Flam & Luce collection interweaves strong technical expertise and product design with an overarching approach of environment architecture, sealed by attendance at the leading European trade fairs for the sector and solid, well-respected international careers. Our designers' remarkable, demanding visions bring us creative interpretations where vibrancy and innovation are an added value of Flam & Luce products. Intersecting influences, new materials and colours, the creations reflect the vastness of a world that is refined, poetic, contemporary or minimalist, artisanal or urban, where a number of knowledge areas are engaged in the relentless search for the new and timeless.

CONVOCAMOS O MUNDO

MÉTAL METAL

La rigueur et la géométrie métallique, unies dans des solutions dessinées pour des environnements à l'exigence formelle; une technique et un design épurés, des détails minimalistes, une nouvelle lumière métallique.
